SHOULD THE WOMEN VOTE

High School Boys to Settle This Serious Question Wednesday Night.

TABERNACLE JUNE 3RD.

Henry Clay Debating Society Has a Treat In Store.

The annual open session of the Henry Clay Debating Society will be held at the tabernacle Wednesday night, June 3d. This is the gold medal contest given by the Board of Trustees. The event has always been hotly contested and this year it will be warmer than ever. The boys have chosen the most prominent issue before the public today, the question of Woman Suffrage. They have worked long and hard on the subject and it will be a sure enough debate throughout from the shoulder. The question permits of a wealth of argument on both sides and is sure to be interspersed with wit and humor.

One additional feature this year is the music by Lekeucher's Orchestra. There will be several musical numbers on the program. There will also be given to each person attending, a beautiful souvenir program of the commencement exercises. These things, together with the beautiful decorations, will make it well worth while to attend. A large crowd is expected and it is safe to say they will be as well pleased with the entertainment as at previous High School entertainments. Admission, adults 25c, children 10c.

The biggest package of paint satisfaction ever sold is what you get in every can of Green Seal. Lander Bros., Newstead, Ky.

CURRENCY BILL PUT THROUGH

Trickery Resorted to to Squelch Opposition.

CONGRESS ADJOURNS.

Aldrich Triumphs By Quick Action In Securing Rollcall.

Washington, D. C. June 1.—The Senate passed the Aldrich-Vreeland currency bill by a vote of 43 to 22, this action being taken Saturday after a day devoted to filibustering against the measure. Senators Stone of Missouri and Gore of Oklahoma occupied the time of the Senate after 7:03 o'clock Friday morning, when Mr. La Follette retired. Mr. La Follette broke the record for long speeches, holding the floor continuously for eighteen hours and forty-three minutes.

When Gore quit speaking, a piece of quick action by Aldrich and the Vice-President, started a rollcall and ended the filibuster.

The Senate passed what is known as the omnibus territorial bill. The measure was called up by Mr. Beveridge.

Congress adjourned shortly afterwards.

CONTRACT LET For Carrying Mail Between Lafayette and Herndon.

The contract for carrying the mail on the star route from Lafayette to Herndon for four years from July 1 next has been awarded to Mr. S. C. Northington, of Lafayette. A round trip, sixteen miles, is to be made daily, except Sunday, the same as formerly. The mail leaves Lafayette at 11:40 a. m. and arrives at 5 p. m.

MORE MOVES IN SHERIFF MUDDLE

Circuit Clerk C. R. Clark Issues Restraining Order.

SET ASIDE YESTERDAY.

Everybody Now Waiting to Hear From Court of Appeals.

Another move was made in the sheriff's case Saturday, when J. M. Renshaw's attorneys secured a temporary injunction from Circuit Clerk C. R. Clark, restraining Sheriff David Smith, Democrat, from discharging duties of office. The case will come before Judge Cook this week. There have been several injunction suits and counter-suits filed in this case, and the court of appeals has had the tangled questions before it twice. Judge Cook recently issued a writ of prohibition to prevent County Judge Prowse, who removed Smith from office, from sitting in injunction proceedings. Renshaw's attorneys then applied to the appellate court for a writ of prohibition against Judge Cook. The decision of the higher court has not been handed down but is expected to-day or to-morrow.

Yesterday Judge Cook set aside the order issued by the circuit clerk in his absence and recognized Sheriff Smith as the legal sheriff. The decision from Frankfort is expected to-day or to-morrow.

THREE YOUNG LADIES

Of Hopkinsville Awarded Teachers' Life Diplomas.

Misses Nannie Major, Gladys Bartley and Marietta Merritt, who attended the Normal department of the Kentucky State College at Lexington, passed the examination with exceptionally high averages, making nearly one hundred, and were awarded Life Diplomas. Misses Major and Bartley have returned home and Miss Merritt will arrive Friday.

GRAND JURY EMPANELED

And Christian Circuit Court Is Now Ready For Business.

MR. SMITH AS SHERIFF.

Judge Cook's Instructions Were Strong and To The Point.

Circuit Court convened yesterday morning and Judge Cook's first order was to set aside the restraining order issued by Circuit Clerk Clark Saturday and order that the records show that he recognized Sheriff David Smith as Sheriff. Mr. Smith and his deputies, L. C. Cravens and Jewel W. Smith were then sworn in.

The grand jurors had been summoned by John M. Renshaw, the Republican claimant, and to remedy this informality Sheriff Smith summoned the same panel in open court. Sixteen names were called:

Ernest Higgins was ineligible and three were absent. The jury as made up was as follows:

Wm. Dudley, John Southall, Bud Sharber, Harry Edwards, R. L. Moore, R. W. Harris, A. R. Cook, R. H. Kelly, Alex Shaw, B. P. Alexander, Tommy (T.A.) King and G.W. Orange.

The court's instructions to the jury were stronger, clearer and more to the point than at either the January or March courts. He covered every phase of night riding, read the statutes, explained the different offenses and pointed out that there was no bar to the prosecution. Men once guilty would not be immune from punishment as long as they lived. He disclosed that night riding was disgracing Kentucky and sounding the death knell of the Association under whose cover these crimes were committed, as he believed without the endorsement of the Association. He believed the Association should do all in its power to break up the lawlessness charged to it. No organization, however deserving, can endure by illegal means. He designated Mr. Kelly as foreman.

FARMERS FALL OUT

And One Man is Shot Three Times.

James A. King, son of Mr. S. T. King, of the Barnes neighborhood, was shot three times by "Tody" Hord, of the same section, Sunday. The wounds are not considered serious. Two of the balls passed through King's right arm and the third one struck the hip and glanced around. One of the bullets which passed through the arm entered his side.

It seems that the young men had some trouble the day before and when they met in the road Sunday the quarrel was renewed, with the above result. No warrant had been sworn out up to yesterday morning and it is likely that the grand jury which convened yesterday, will at once investigate the shooting.

AGED CITIZEN

Passes Away After a Very Brief Illness.

Mr. Wm. M. Bradshaw, of Ballard county, died near Pembroke, aged 79 years. He was a native of this county, but moved to Ballard many years ago. Mr. Bradshaw was here on a visit to relatives, accompanied by his wife, when taken ill. He was a brother of Mr. Edgar Bradshaw and the late Benjamin Bradshaw was a member of the Christian church. The interment took place in the Rawlins burying ground, near Salubria.

SHERIFF CONVINCED

That More Bodies Are On Guinness Farm.

Laporte, Ind. May 28.—Several hogs wallowing in the pond at the edge of a lot on the Guinness farm near here, this morning, brought up a bone of a human arm. The finding of the bone has convinced Sheriff Shauter that other bodies have been buried beneath the mud at the bottom of the pond. The entire shore will be gone over with long rakes in an effort to bring any bodies the water may secrete to the surface.

CAN'T SCARE HIM.

Owensboro, Ky., May 28.—Shelby Goodpastor, two miles west of this town, received tonight written notice not to attempt to raise tobacco under severe penalty. Mr. Goodpastor was one of very few who proposed to raise tobacco in county this year, and says he will defy night riders at any cost. He is past eighty years of age.

CAN'T DENY IT.

If This Had Happened in San Francisco Instead of Hopkinsville More Than One Reader Might Doubt It.

The average man is a doubter. This is not surprising—the public have been humbugged so frequently they are skeptical. Proof like the following will stand investigation. It cannot be disputed.

Mrs. Francis Brown, 204 Fourth street, corner mechanic street, Hopkinsville, Ky., says: "There is no doubt about Doan's Kidney Pills being all that is claimed for them and you are at liberty to use my name to that effect. I was annoyed for years with backache which came on by spells, especially when I contracted cold which always settled in my kidneys, causing severe pains across my back and down through the loins. About four years ago, I was induced to try Doan's Kidney Pills, procuring them at L. A. Johnson & Co's drug store. I was not disappointed in the results obtained, for after taking a dose or two I knew they acted directly on the kidneys and in a short time the trouble ceased. I suppose during the past four years I have appealed to them some six or seven times, and I can candidly state that in each case they have given me quick and lasting relief. Mr. Brown also used them with equally good results. We both think a great deal of Doan's Kidney Pills and keep them in the house most of the time." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doans—and take no other.

BANKER FILES LIST.

Owensboro, Ky., May 27.—T. S. Anderson, of the Daviess County Bank and Trust Company, filed a schedule today. He listed \$104,240 in policies; \$30,000 in realty, and \$2,000 personalty, all pledged in loans. The total personalty bill is \$94,289, and the personal items include such loans as the following: Citizens' National Bank, of Louisville, \$1,500; Southern National Bank, of Louisville, \$4,500; J.B. Gathright, of Louisville, \$10,000; W. R. Platt, Mamie A. White, W. C. White, Russell A. and Clara Platt, all of Louisville, \$1,800; Owensboro Banking Company, \$7,400; Owensboro National Deposit Bank, \$10,000; Owensboro Savings Bank, \$24,000; Daviess County Savings Bank, \$17,410; Citizens' National Bank, of Evansville, \$5,500; Mercantile National Bank, of Evansville, \$5,000.

NOTICE.

Notice is hereby given that a petition in equity was this day filed in the Christian Circuit Court in the name of and on behalf of the city of Hopkinsville, the object of which is to annex the following described territory to and include same within the corporate limits of the city of Hopkinsville, to wit: Certain territory lying south east of an adjacent to the corporate limits of the city of Hopkinsville, consisting of about acres and bounded and described as follows: Beginning at a stone on Jno. Montgomery's corner, intersecting the corporate line of the city of Hopkinsville; thence S. 66 E. 176 ft. to the south edge of Durrett's avenue; thence with the south edge of Durrett's avenue N. 86 E. to the intersection of said south edge of said avenue with the corporation line of said city of Hopkinsville; that said cause will stand for trial in the Christian Circuit Court at its next September term, 1908, and all interested parties are hereby warned to appear in said court and make defense if they so desire.

Given under my hand, this May 22nd, 1908. C. R. CLARK, Christian Circuit Court Clerk. By J. F. CLARK, D. C.

DIED FOR A KISS.

Suicide of Woman Whose Husband Neglected Osculation.

Houston, Tex., May 27.—"Because my husband would not kiss me good bye" is the reason alleged to have been given by Mrs. Clara Wesson for drinking two ounces of carbolic acid here today. Asking her sister Mrs. C. L. Pitcher, to hold her baby, Mrs. Wesson arose, and went to a dresser and drank the contents of a vial, being dead in ten minutes.

THE KENTUCKY SUNDAY SCHOOL ASSOCIATION

Stands for a better knowledge of the Book and the child, and the best method of presenting the Book to the child.

It organizes for efficient Sunday school work.

It evangelizes for church membership. It energizes Church life for Bible study and active Christian work.

By conventions, teaching training Institutes, special meetings. Personal contact, correspondence, and the Kentucky Sunday School Reporter, all under the care and direction of an efficient State Sunday School secretary, it aims to secure in all schools throughout the State:

Better methods of Sunday School management and teaching.
Better grading of the Sunday School according to age and development.

Better organization in the Home Department for increased interest in Bible study.

Closer linking together of the Home and the Church through the Cradle Roll and the Home Department.

Co-operation with all religious forces in the State, in the cause of religious education.

Systematic house-to-house visitation to secure the attendance of church members, and the 500,000 white Protestant boys and girls between the ages of 6 and 20 in Kentucky now not in any Sunday School.

Information on Grading, Home Department, Cradle Roll, Records, Teachers' Meeting, Messenger Service, Baraca and Philathea Classes, Teacher Training, Sunday School Libraries, Soul Winning or any other subject connected with Sunday School work, address E. A. FOX, Louisville Trust Building, Louisville, Ky.

SOME THINGS ASSOCIATION WORK HAS DONE

It has perfected the greatest organization in the world.
It has made the U. S. the greatest Sunday School nation in the world.
It has created an interest in Bible study never before known in the world.

It has either originated or is responsible for the introduction of practically everything of value in the Sunday School life of today.

Each Sunday School in the county is expected to send at least one delegate for each 100 pupils enrolled.

Don't You Feel Well? Ache All Over?

Feverish? Feel as though your blood was hot? Cold feet? Backache? Those warning signs which indicate that a bad cold or a fever is coming on? Don't get discouraged, but go home. On the way stop in any drug store and get Dr. Pierce's Golden Medical Discovery. When you get home, take a hot bath or a hot foot bath, go to bed, cover up warmly, take a dose of the "Golden Medical Discovery" in the morning another dose, and you will feel better. You will not have to continue many doses before you are well. If you still persist in the use of Dr. Pierce's Golden Medical Discovery you will find improvement in your general constitution, appetite and blood—your liver will become active and throw off the poisons from the system. Get as near to Nature's way as you can. There is a reason. Vegetable foods are usually good for the health. The human economy digests and assimilates them best. In disease, a remedy made up of golden seal root, Queen's root, Stomach root, Black Cherry bark, Manilla root and Bloodroot, such as Doctor Pierce's Golden Medical Discovery, is positive rest, is assimilated in the stomach and taken up by the system. It is the most potent means which can be employed for the regaining of lost health. Microbes snatch at it from every corner. They mean to kill or eat it if they can. They are formed by millions, and everything we eat, drink and wear. The air is filled with them. Medical science has proven in the past few years that nearly every disease is a germ disease. Such diseases germinate into the blood in two ways either through the lungs or stomach. If the blood is pure and rich, the liver and stomach in healthy, active condition, the germs of disease cannot find a resting place there to multiply. Diseases of the lungs, bronchitis and consumption, grip and pneumonia, are very apt to spread through a system where there is much fine dust in the air. The lungs become irritated and the germs find a fertile field for growth. Extreme weakness, feeling of nervous exhaustion, cough and colds are the warning signals which should be heeded. One should put the system in the very best possible condition right away. Put your body of the poisons that are apt to accumulate and your system is ready to ward off the attack of the germs of disease. Doctor Pierce's Golden Medical Discovery makes rich, red blood—by increasing the red blood corpuscles. There is no alcohol in this great tonic to shroud up the red blood corpuscles. An alternative extract made only of native medicinal roots, it goes about its work in nature's way. Only good can come from its use, as it invigorates and tones the liver into proper action, and feeds the worn-out nerves, stomach and heart on pure blood. "I am a firm believer in Dr. Pierce's Golden Medical Discovery," writes Joseph Napoleon Herbert, Chairman Board of Health, of the San Francisco, California. "I find that it has been of practical value to a number of cases in my family. They are especially exposed to inclement weather, and often the colds contracted run into pneumonia, stomach trouble or kidney and liver disease. However, since we have known of the value of 'Golden Medical Discovery,' there is much less sickness in our family. It keeps the blood in a healthy, active condition, and to ward off colds and all other diseases. It is a very fine tonic for a run-down system, and is well adapted to acknowledge its worth."

BAD HEADACHES generally arise from bad stomachs. Foul breath, bitter taste, coated tongue, sour eructations or belching of gas are common symptoms. Though not all present in every case. To cure, take small doses only one or two each day of old Dr. Pierce's Little Liver Pills, first put up by him over 20 years ago, and two or three a day, three or four cathartics.

DEMOCRATIC TICKET.

—FOR CONGRESS—
HON. A. O. STANLEY,
HENDERSON, COUNTY.

The Weather.

FOR KENTUCKY.—Probably showers and warmer Tuesday.

The red-hot campaign for Governor of Georgia between Gov. Hoke Smith and Joe M. Brown will be settled in the Democratic primary June 4.

Samuel Sayer, of Wise county, Va., is 115 years old and is in good health, active, and is still a crack shot with a rifle.

All factions of the Democratic party in Louisville have buried the hatchet and will send an agreed delegation to the State Convention June 11.

The real meeting of the White House conference of Governors and other citizens, held on May 13, 15, at the invitation of President Roosevelt, is set forth editorially in the June Review of Reviews. Just why the conference was called, and what line of action were developed are clearly stated. The newspaper reader who may have been more or less confused by the daily reports of the proceedings will find in the Review an illuminating summary of the whole matter.

The State Journal says the friends of the 19 men indicted at Shelbyville for night riding "are confident a serious mistake has been made and the grand jury imposed upon by some zealous Law and Order League" because of the fact that they are "among the most substantial and respected citizenship of the county." There are still other surprises in store before the State and Federal courts bring out all of the hidden secrets of the night riders.

The Clarksville merchants and officials who have compromised "with those assuming to raise a boycott instituted against the city by unknown writers signing themselves "N. R." may or may not profit by their surrender. How do they know that the Peace Treaty submitted by Mr. Folk Prince and others will be accepted by the N. R. boycotters with any more binding force than was the agreement entered into between the tobacco buyers of Hopkinsville and the Day Riders three weeks before the raid on this city? Is there any guaranty that the Night Riders can be controlled by the farmers, after the city has withdrawn its defenses? We shall see.

Five States.

Five States will hold Democratic Conventions this week to elect national delegates to the Denver Convention—Nevada at Carson City today, Idaho at Twin Falls, Louisiana at Baton Rouge and Maryland at Baltimore on Wednesday, and Utah at Salt Lake City on Saturday. Democratic primaries will be held in Virginia on Thursday.

Jefferson Davis Day.

Wednesday will be observed throughout Virginia as a holiday in honor of the centennial of the birth of Jefferson Davis. On that day the Davis monument erected in Richmond by the Jefferson Davis Monument Association will be formally given to the city.

A CASE OF IDENTITY.

"It's a great help to be able to size up the men you come in contact with," said a business man to his son; "but it's more important still that you should know yourself." For instance, A noisy bunch "acked out their club late one night, and up the street. They stopped in front of an imposing residence. After considerable discussion one of them pounded on the door. A woman stuck her head out of a second-story window and demanded, none too sweetly: What do you want? "Is this the residence of Mr. Smith?" inquired the man on the steps, with an elaborate bow. "Is it possible I have the honor shepakin' to Missus Smith?", "Yes what do you want?" "Dear Missus Smith! Good Missus Smith! Will you—hic—come down an' pick out Mr. Smith? The resh of us want to go home." "Everybody's Magazine."

TESTING LOCOMOTIVES.

New a New Engine is Broken In For

Its Dearest Work.
A new locomotive engine underwent a thorough test before it is sent out on the road to take its share of work. When a new engine is taken into a shop it is turned over to a mechanic whose duty it is to fit it up and make all connections and adjustments of the interior mechanism, says Scientific American. This completed, the engine is turned over to a fireman, who steams it up and blows it off in order to remove any grease that may have accumulated in the boiler or such foreign substances as might cause a boiler to "foam" while in service. The engine is then turned over to an engineer, whose duty it is to break it in. "The engine is steamed up again and if it will run is taken for a little try-out about the yard.
If all goes well and there is no heating in the journals or brasses, the engine is worked for a few hours, and then the steam is again blown off. It is next sent out on a long distance trip at a speed varying from one to twenty miles an hour and drawing about half its full load.
"Heating is one of the principal diseases of an engine, and it is this feature the engineer looks to more than anything else. The mechanical sense of the experienced engineer is so developed that he can detect the least defect about his engine.

an hour. The vehicle is built almost entirely of light metal and for power has a two and a quarter horsepower gas engine of the usual type. The propelling medium consists of a four bladed aerial screw made of aluminum, the blades being tipped with steel bands, and an Archimedes screw which helps out on hill climbing. The aerial blades are made upon shaped "the better to seize the air," as the inventor says. Steering is accomplished by guiding the rear runners with an ordinary steering wheel and gear. The machine is adapted to operate on roads which are in pretty fair condition.—Popular Mechanics.

McClure's New Cover.

The June number of McClure's Magazine appears in a new cover of formal design which it is proposed to use as a permanent standard. The function of a Magazine cover is presumably to hold together and facilitate the handling of the pages; but this fact seems to have been very largely lost sight of in the over-development of cover decoration which has taken place during the past ten years. The use of color and of pictorial effects has become increasingly extravagant with a view to attracting attention on the news-stands; until in the midst of the riot thus created, nobody can be heard.
For many years Mr. McClure has sought a design for a cover of his magazine which would have the dig-

nity and distinction requisite to permanent use, and after frequent disappointments, has met with what he believes to be a successful cover in the design of Mr. T. M. Cleland, of New York, who has made an exhaustive study of this particular problem.

It was necessary that the design should have something of the classical distinction and formality of fine architecture, that it might be said of this cover that it is the house in which McClure's Magazine dwells.

The reproduction of pictures in color will continue to be a regular feature; but it is hoped that by confining this work to the inside of the magazine upon paper of a more suitable texture, finer results will be obtained.

The Text Took Effect.

Little Johnnie, aged six, had been to church and had displayed more than usual interest in the sermon, in which the origin of Eve had been dwelt on at some length. On his return from the services, there being company to dinner, he had also displayed a great interest in the eatables, especially the mince pie and cakes. Some time afterward being missed, he was found sitting quietly in a corner with his hands pressed tightly over his ribs and an expression of awful anxiety on his face.
"Why, what on earth is the matter?" asked his mother in alarm.
"Mamma, I'm afraid I'm going to have a wife."—Everybody's Magazine.

PURYEAR-EADES.

Popular Paducah People Will Marry in Christian.

The engagement of Miss Edna Eades and Mr. Marshall H. Puryear, both of Paducah, is announced. The wedding will take place at the home of Mrs. Julia Baker, near Julien, Wednesday night, June 10. The ceremony will be performed by Rev. Millard A. Jenkins. The couple will leave the next morning for Nashville and Springfield, Tenn., for a wedding trip. They will reside in Paducah. Miss Eades is the oldest daughter of Mr. Wm. Eades, who has extensive coal mining interests in Western Kentucky. She is a graduate of Bethel Female College. Having often visited the Baker family, the wedding was arranged to take place at Mrs. Baker's residence. Mr. Puryear is a son of Mr. T. H. Puryear and belongs to one of the most prominent families in Paducah. He is cashier of the N., C. & St. L. railroad company at Paducah.

simply because it is a combination of essential grains calculated to not only sustain life but when fed regularly will develop your birds faster, make them stronger, healthier and more striking in appearance.

Read what Mrs. F. Forbes, the owner of champions, has to say about CORNO HEN FEED:
The Corns Mills Co., East St. Louis, Ill.
Ovalton, Mo. I selected to use, as I wrote you in former letter, a great many breeders of white birds do not realize that it gives the plumage a creamy or brassy appearance. I have used it since I was the owner of a brooder in the South. I have represented with an entry of 150 White Wyandotters in the World's Fair. I was the winner of the gold medal and three birds were awarded on CORNO HEN and CHICK FEED.

THE CHIEF OF POLICE

**Engages in Fatal Duel and
Kills Patrolman Who
Slew Woodburn.**

SOUGHT TO ARREST HIM

**J.R. Wooten, of Central City,
Forced to Shoot John
W. Harmon.**

Central City, Ky., May 29.—John W. Harmon, a policeman, shot and instantly killed Charles Woodburn and seriously wounded J.R. Wooten, the chief of police, and in turn was so badly wounded by Wooten that he died within twenty minutes.

The tragedy occurred near the Illinois Central railroad station, near which are located all of the saloons of the city and several restaurants. The fight began on the sidewalk between Rabbe's restaurant and May's saloon, not fifty yards from the spot where Jas. D. Wood, the labor leader, and two other men were killed in a similar affray several weeks ago.

The three men met on the street and soon became engaged in a violent quarrel. After a war of words all three reached for their weapons and began to shoot. Woodburn fell at the first fire, a ball piercing his heart and causing instant death. Wooten and Harmon continued to shoot at each other, both being hit several times, and Harmon lived less than half an hour after the fight began. Wooten is dangerously wounded.

Wooten is a man about 40 years of age. He was recently made chief of police as a result of the shake-up in the force following the election of a new city council, of which James D. Wood was a leading spirit. The difficulty which resulted in Wooten's death arose out of the shift in police officers.

Harmon was a man 50 years of age and had been on the police force for many years, doing duty at night. Woodburn was the youngest of the three, being about 35 years of age. He was employed in a local restaurant.

Developments show that J.W. Harmon was on duty when Chief of Police Wooten came down town and Harmon ordered him to go home. Wooten got Woodburn to go with him, it is supposed, to arrest Harmon when the shooting began.

Bad Feeling.

From the best information obtainable there had been bad feeling between Chief Wooten and Harmon since the killing of the Wood brothers one month ago. Harmon was shot seven times.

Woodburn died in a few minutes after being carried to the Hays restaurant, and Wooten was carried to his home with a pistol wound in the groin and a banner in the leg. He will recover barring unforeseen complications setting up.

All were men of families, Wooten having three children, two married. Harmon leaves a wife and five children and had recently taken charge of the Commercial Hotel here, and Woodburn leaves a wife and three children, his daughter being employed in the Singer machine office here. Woodburn was formerly a member of the Executive Board in District 23, United Mine Workers, but had been in the employ of Hays in his restaurant for the past year. The wives and daughters of the two dead men are prostrated with grief. No one could be found who knew who began the shooting, but the coroner's inquest, which will take place later today, may disclose particulars.

From Now On.**

The local tobacco market was much stronger last week than the week before and buying was spirited throughout. The report from the salesman for the association shows a total sale of 192 hogheads for the week. Prices were very satisfactory and fully up to the association schedule. Receipts for the week were 184 hogheads, making a total of 6,003 hogheads received by the association at this market. The bulk of the crop has been delivered and it is not expected that the receipts will be very large from now on.

The number of sales by the salesman of the Society of Equity was not reported, but prices obtained were satisfactory, hogs ranging from \$7 to \$10 and leaf from \$10.50 to \$14. Cutworms and grasshoppers are playing havoc with the plants that have been transplanted and the prospects for the new crop are somewhat discouraging. It is reported that the plants have been cut down worse than for many years.

Nashville, Tenn., May 30.—The Decoration day exercises at the National Cemetery, near Nashville, were marred this afternoon by an accident which cost the life of Pierce Rawls, aged twenty years, of Springfield, Tenn., and which may cost the life of Miss Minnie Bracy, of near Greenbrier, the seventeen-year-old daughter of Madeline Bracy.

They had driven down to attend the exercises, and attempted to cross the L. & N. railroad track at the cemetery gate in the rear of a south bound freight.

On the other track was coming the north-bound Dixie Flyer, and it caught the buggy squarely on the track. The horse was instantly killed and the buggy demolished.

Miss Bracy had not recovered consciousness when she was placed on the train to be carried to her home.

KRONE APPEALS TO GOV.

**Nineteen In Shelby and Sev-
en In Harrison Coun-
ties Indicted.**

Shelbyville, Ky., May 29.—The Shelby county grand jury adjourned sine die this afternoon, after returning nineteen indictments against men charged with night riding.

Eight indictments were returned against farmers residing in the northeastern part of Shelby county, charging complicity in the Elmsburg raid, when night riders visited the store of Hall Bros., at Elmsburg, and compelled one of the proprietors to burn all the tobacco canvas he carried in stock.

The Shelby county men indicted are George Ethington, James Stivers, John Wood, William Kemper, Lewis Ethington, Jake Smithers, and two counts against Levi Smithers. Eleven indictments were also returned against residents of Franklin county, living near the Shelby county line, for participating in the Jacksonville raid of May 21. The men indicted are Robert Quire, Arch Moore, Duard Bryant, Rufus Bryant, Eugene Bryant, Wyatt Phillips, James Moore, Leslie Phillips, John Hulet, Lee Moore and Sam Moore. Bench warrants were issued for all the men indicted, and bond was fixed at \$500 each for their appearance at the October term of the Circuit Court.

In addition to these it is understood that eight other men are also indicted, but the officials of the court will not affirm the report, nor will they say who the others are.

The work of the grand jury had been greatly aided by the excellent support given by the court officers. In his charge recently Judge Marshall impressed on the jurors the necessity for publishing those who were in any way implicated in the night rider raids. All of those arrested have given bond.

SEVEN INDICTMENTS.

**Harrison Grand Jury Accus-
es Alleged Night Riders.**

Cynthiana, Ky., May 29.—After being in session since Monday investigating the charges of night riding against several citizens of Bracken and Robertson counties which took place in Harrison county, the grand jury returned indictments against W. A. Kenton, Charles Fowler, Ben Hammond, Will Brown, Ollie Heister, John Woodward, white and Gum McGee, colored, on charges of confederating. Three of the men indicted were captured several weeks ago by Sheriff Greig and a posse, after an all-night chase, following the capture of Marcial Haley, a farmer of Bracken county, and the destruction of his tobacco. All the white men indicted are well-to-do citizens of Bracken and Robertson counties.

WANTS MORE SOLDIERS.

**County Attorney of Lyon
Thinks Situation Grave.**

Kuttawa, Ky., May 29.—W. L. Krone, County Attorney, who was yesterday assaulted by Harvey Satterfield at Edyvill, to-day got into communication with Gov. Willson and appealed to him to send additional troops to this city. Mr. Krone told the Governor that threats had been made against his life and also against County Judge Crumbaugh and that he feared a bigger show of force would be needed to keep the lawless element under control.

Mr. Krone received assurance from the Governor that his request would be granted and ten militiamen will be sent here to-morrow from Hopkinsville to re-enforce the twenty men now on duty. Capt. Denhardt, it is understood, will be placed in command. Mr. Krone also talked

Two Groups of Bethel College Sorority Girls.

over the telephone to Maj. Bassett at Hopkinsville and was informed that the soldiers would be rushed to Lyon county.

NIGHT RIDERS

**Descend on Hathaway, Boone
County, and Destroy Four
Tobacco Beds.**

Covington, Ky., May 30.—Word was received here this morning of a night rider said at Hathaway, western part of Boone county, opposite Rising Sun. The riders, thirty strong, descended on the village at 1 o'clock this morning, and, after terrorizing the town, destroyed the tobacco beds of Edward Sullivan, Raymond Smith, Hance Ross and Omer Adams.

Notices were posted warning farmers against raising tobacco. Omer Adams has sent to Indianapolis for bloodhounds to trace the marauders.

PLANT BED DESTROYED.

**Following the Peace, Confer-
ence in Clarksville.**

Clarksville, Tenn., May 30.—Unknown persons visited the farm of Irvin Beard on Wells Creek, in the northern part of the county and destroyed many of his tobacco plants. There were three beds on the farm, but only one bed was molested. The others were in secluded places and were overlooked. A note was left for Mr. Beard ordering him to join the tobacco association.

RIDERS IN MCCrackEN

**Scrape Plant Bed and Warn
Farmers to Join the
Association.**

Paducah, Ky., May 29.—Night riders scraped half of the tobacco plant bed of Thomas Houser, of the Florence Station section of this county, a few days ago. Messrs. Bidwell and Keeling, adjoining farmers, received notices to join the association at once. The scraping of the plant bed is the first depredation of night riders in McCracken county.

MISS MARIE HILLE.

**Graduate of Boston Conserva-
tory Will Teach Music
Class.**

Miss Marie Hille, of this city, who has been teaching music at Potter College, Bowling Green, has gone to Boston to re-enter the New England Conservatory of Music for a post-graduate course. She will remain until September and then return to this city and teach in Hopkinsville next fall. Miss Hille graduated at Boston two years ago and has been teaching since that time. She is an accomplished musical instructor and her work as teacher has been most satisfactory. To her work in her native city she will bring the experience of two years and strong testimonials from those who have watched her course as a teacher.

Miss Hille is a daughter of Mrs. Fannie Hille and she well deserves, and no doubt will be patronized to be a large class.

The best class of Laundry wearers in Hopkinsville are giving The Hopkinsville Steam Laundry their work, and why? Simply because the cost of Laundering collars and cuffs is from 1 ct. to 1 ct. lower than Nashville or Evansville; then they do not get yellow, dirty looking goods to wear, like you get from a Celestial Laundry, but you get that delicate pearl tint of a color, so much desired by every genteel dresser. In fact, with the improved machinery installed within the last few months by the Hopkinsville Steam Laundry, very few plants if any in the country are its equal. This Laundry has done more to advertise Hopkinsville than all else combined. Any traveling man will tell you that Hopkinsville is known more by its Laundry industry and the fine Hotel than all else. Of course 'tis understood that we have the best town on earth and the Laundry and the Hotel are just a part of it.
